Western Region Football League

Multicultural football in the West

Western Region Football League

The Western Region Football League (WRFL) is the largest sporting organisation in the western region of Melbourne. There are 36 clubs registered with the WRFL in divisions from Under 9 to seniors.

The WRFL administers the football competition and manages the development of Australian Rules football in the western suburbs. The WRFL also develops and supports programs to assist our clubs, volunteers and the community.

The WRFL football community is typified by linguistic and cultural diversity and is developing strong links with multicultural communities in the western region. Most of the clubs have players from different cultures playing football. As part of the WRFL's broader policies, we are establishing programs to introduce Australian Rules football to newly arrived communities.

The 2006 WRFL football season starts in April and finishes in September. All junior teams play on Sundays. Senior games are on Saturdays.

Some WRFL clubs also conduct Auskick which is an introductory football program for primary school aged children.

If you are interested in playing or being involved in football, contact the WRFL or the club closest to you.
